

EXPERIENCE TO PERFORM

## TECHNICAL DATA SHEET

# SVITOL EASY SPORT

### - **PRODUCT DESCRIPTION**

High-performance, long-lasting lubricant. Perfect for lubricating moving parts. It lubricates effectively both in the fluid and solid phases. It contains molybdenum disulfide whose particles, highly micronized and in colloidal suspension, are absorbed by uneven surfaces, improving their finish. The special formulation ensures that the molybdenum disulfide attaches to the metal counter-wall, drastically reducing the friction and promoting the formation of a film of oil.

- **Lubricant:** using a cutting-edge technology, it reduces friction and specifically meets the need for lubrication that limits damage due to material fatigue.
- **Protective:** it joins to metals, preventing oxidation. Resistant to atmospheric agents.
- **Detergent:** it exerts a powerful cleansing action, it degreases and deep cleans reels, chains, cables, levers and disassembled parts. Perfect for removing oil, grease, tar, resin, carbon deposits and gunpowder.

### - **FIELDS OF USE**

Suitable for all mechanical sports equipment that requires effective, long-lasting lubrication, such as: bicycles, fishing reels etc.

### - **TECHNICAL SPECIFICATIONS**

- Appearance creamy
- Color straw-yellow
- Odor typical
- Density at 15°C ASTM D1298 0.700 g/ml
- Dropping Point (grease) + 250°C
- NLGI gradation (grease) 2
- Penetration (grease) 265 - 295
- Operating temperature -40°C +170°C

### - **METHOD OF USE**

Shake the bottle before use. Spray from a distance of approx. 20 cm. For precise dispensing, place the straw in the appropriate dispenser.

A special valve allows delivery even when the can is upside down.

### - **STORAGE**

Unopened and stored at room temperature at least 3 years

### - **PACKAGING**

Spray can

Code 2387 200 ml  
Code 2393 50 ml

### - **NOTES**

For information on product safety, please consult Safety Data Sheets.
